

Upcoming Courses in GES, Next Two Semesters

The following offerings are currently planned, with instructors assigned as shown. Courses marked "tentative" are not yet definite. Note: 400-level courses with asterisk can be taken for graduate credit.

UPCOMING SEMESTERS	PROFESSOR	NOTES
Fall 2017		
GEOG 101: Home Planet: Land Water and Life	Cait Lippitt	
GEOG 101ONL: Home Planet: Land Water and Life (Online)	Wiley	ONLINE
GEOG 102: People and Place	Lindsay Smith	
GEOG 102ONL: People and Place (Online)	Wiley	ONLINE
GEOG 105L: Physical Geography Lab	TAs	
GEOG 140: Intro to World Regions	Brulotte	
GEOG 180: World of Beer	Lane	NEW COURSE!
GEOG 195: Introduction to Environmental Studies	NOT OFFERED	offered instead spring 2018
GEOG 217: Energy, Env't & Society		offered as ME217
GEOG 281: Intro to Maps & Geospatial Info	Cait Lippitt	HYBRID
GEOG 364: Law, Place & Space	Carr	
GEOG 380L: Basic Stats for Geographers	Hadjilambrinos	
GEOG 381L: Intro to GIS	Lin	
GEOG 427/527: Intro Programming for GIS	Gong	
GEOG 450: Environmental Hazards	NOT OFFERED	
GEOG 461/561: Environmental Management	Hadjilambrinos	
GEOG 462/562: Water Resources Management	Benson	
GEOG 463/563: Public Lands Management	Benson	
GEOG 464/564: Food and Natural Resources	Duvall	
GEOG 466/566: The City	NOT OFFERED	offered instead spring 2018
GEOG 471: Senior Capstone	Duvall	
GEOG 483L/583L: Remote Sensing Fundamentals	Staff	
GEOG 487L/587L: Spatial Analysis and Modeling	Lin	
GEOG 499: Qualitative Research Methods	Smith	NEW OFFERING
GEOG 499: EcoCultural Communications	Milstein	NEW OFFERING
GEOG 499: EcoCultural Places & Spaces	Milstein	NEW OFFERING
GEOG 501: History and Philosophy of Geography	Carr	
GEOG 514: Seminar in Natural Resources	NOT OFFERED	
GEOG 516: Globalization	Warner	
GEOG 522: Spatial Data Management	Benedict	
GEOG 524: Advanced Topics in Remote Sensing	Chris Lippitt	NEW OFFERING
GEOG 581L: Intro GIS for Grad Students	Gong	

And various cross-listed courses offered in other departments

Spring 2018 (Planned Courses)

GEOG 101: Home Planet: Land Water and Life		
GEOG 101ONL: Home Planet: Land Water and Life Online		ONLINE
GEOG 102: People and Place		
GEOG 105L: Physical Geography Lab		
GEOG 140: Intro to World Regions		
GEOG 140ONL: Intro to World Regions Online		ONLINE
GEOG 195: Introduction to Environmental Studies	FIELD COURSE, 8 weeks (compressed course)	
GEOG 217: Energy, Environment & Society		
GEOG 281: Intro to Maps & Geospatial Info		HYBRID
GEOG 350: Natural Environments		
GEOG 365: Nature and Society		
GEOG 381L: Intro to GIS		
GEOG 428L/528L: Advanced Programming for GIScience		NEW COURSE!
GEOG *445: Geography of New Mexico and the SW		
GEOG 462/562: Water Management		
GEOG 466/566: The City		
GEOG 467/567: Governing the Global Environment		
GEOG *481L: Map Design & Geovisualization		
GEOG 484L/584L: Applications Remote Sensing		
GEOG 485L/585L: Internet Mapping		HYBRID
GEOG 486L/586L: Applications of GIS		
GEOG 499: Global Health		NEW OFFERING
GEOG 499: Migration & Place		NEW OFFERING
GEOG 499: Oaxaca Field School	NEW: 8 weeks, with one week in Mexico	
GEOG 502: Approaches to Geographic Research		
GEOG 515: Cultural & Political Ecology		
GEOG 517: Seminar in Legal Geography		
GEOG 525: Advanced GIScience Seminar		
GEOG 580: Spatial Statistics
